

Parish and School Volunteer Agreement

In accordance with Washington State Governor's Proclamation 21-14.5 that requires all volunteers who have an onsite presence with school or child-care activities to be vaccinated against COVID-19 or receive an approved exemption (does not apply to outdoor settings), **all school volunteers are required to complete and return the following agreement.**

This agreement applies to any person volunteering for school-related programs and activities who work with or around children including extra-curricular activities (i.e., CYO, after school clubs/events).

Part I.

Please attest to your vaccination status by checking one of the lines below:

- _____ I am fully vaccinated* and can provide documentation if requested by school administration.
**The CDC defines an individual as fully vaccinated when they have received both doses in a two-dose COVID-19 vaccine primary series or one dose of a single-dose COVID-19 primary series approved or authorized for use in the United States. Note: Staying up to date with all recommended vaccinations and boosters is the best option to protect from severe disease and hospitalization.*
- _____ I am unvaccinated and will only be participating in outdoor activities, therefore do not need to request an exemption from the school.
- _____ I am unvaccinated and I am requesting a medical or moral/ethical exemption (check the appropriate box below) so that I may participate in all school related activities. I understand that the CDC and the Archdiocese of Seattle recommend vaccination for the prevention and mitigation of COVID-19.
- ➔ I attest that I have a medical condition that prevents me from safely receiving the COVID-19 vaccine.
 - ➔ I attest that I have a sincerely held moral/ethical objection to the COVID-19 vaccine.

Note: Below are CDC documents outlining what is known about COVID-19, effective mitigation strategies, and vaccine information. We recommend reading this information:
